

Fibafuse Paperless Drywall Tapes

# FibaFuse Original

The original paperless drywall tape.

## Product Overview

FibaFuse®, the original paperless drywall tape, is a mold-resistant joint treatment that makes it easy to achieve professional results with superior performance. The open-fiber design fuses with joint compound creating a better bond and stronger joints.

### Benefits

- 76% stronger than paper tape
- Open-fiber design eliminates blisters, bubbles, and dry spots common with paper tape
- Thin profile provides a smooth, professional finish
- GREENGUARD [GOLD] Certified for a safer environment
- Ideal for use in moldresistant drywall systems
- Compatible with automatic taping tools or hand tools
- Great for patch & repair work
