

Novelio® Fiberglass Wall Coverings

Novelio® Decoration Woven

Novelio® Decoration Woven is a range of modern and elegant paintable wall coverings in a selection of 30 decorative designs, produced using advanced weaving technology.

Product Overview

These unique wall covering patterns were created exclusively in partnership with a number of elite designers and will capture the imagination.

The collection of architectural wall finishes is made of glass fiber, which makes them extremely durable against scuffs and scratches for years to come. The decorative wall coverings are also free of any PVC and are made entirely from natural materials, so they allow the walls to breathe.
