

# FLORIDA GLASS SCREEN

Laminated fiberglass screen

# FLORIDA GLASS SCREEN

Enjoy privacy without sacrificing style. Florida Glass screen features a laminated vinyl layer over a strong fiberglass mesh, creating a sleek, opaque privacy shield typically used on the bottom sections of enclosures. This design not only blocks the view into your spaces, it also serves as a barrier to keep lawn clippings and dirt out of your outdoor spaces.

## IDEAL SHIELD AGAINST YARD DEBRIS

This solid screen serves as a highly effective structural splash guard, completely blocking stray grass clippings, flying mulch fragments, dirt, and harsh lawn chemicals from blowing into your enclosure. It takes the frustration out of pool maintenance by keeping your water crystal clear and cutting down on skimming time after the lawn is mowed.

## ADDED PRIVACY

The opaque vinyl layer will completely block the view through the sections you use it in your pool cage. It creates a beautiful, secluded patio that keeps your outdoor space hidden from nearby neighbors or busy sidewalks.

CONSTRUCTION	COLOR	100 FT ROLL WIDTHS
18 x 14	Black	36", 72"

## Designed for your family's well-being

### GREENGUARD Gold Certified

Your family's health is just as important as your view. It's the highest global standard for low-emission products, making your patio a truly healthy place to relax.

### Why Ortho-Phthalate Free Screen Matters

- » Cleaner air quality
- » Family & pet friendly
- » Protect your local ecosystem by choosing screens that won't leach harmful chemicals into the ground or water
