Premium screen for your enclosure

INTRODUCING
ONYX POOL & PATIO LINE

ONYX POOL & PATIO LINE

ADFORS engineered significant upgrades to our pool & patio line of high-performance screen specifically built to conquer UV degradation and maintain its beauty and strength for the long haul.

- » Designed for superior strength & UV resistance
- » UV-stable protective coating engineered to withstand prolonged sun exposure ensuring long-term aesthetic stability
- » Available in a sleek true black color, providing superior visual clarity and a modern finish

Designed for your family's well-being

Our screens are GREENGUARD Gold Certified because your family's health is just as important as your view. This certification means our screens have been scientifically tested to ensure they don't release harmful chemicals into the air, even in the hottest summer sun. It's the highest global standard for low-emission products, making your patio a truly healthy place to relax.

Our screens aren't just durable they are designed for your family's well-being. Using ortho-phthalate free materials, we ensure your outdoor space is free from harmful chemicals, providing a cleaner, safer environment.

Why Ortho-Phthalate Free Screen Matters

- » Cleaner air quality
- » Family & pet friendly
- » Protect your local ecosystem by choosing screens that won't leach harmful chemicals into the ground or water
